“Sepsis Induced PICS: A Looming Epidemic in the Elderly”

Presented by:

Frederick A. Moore, MD
Professor and Chief of Acute Care Surgery
Shands Hospital at the University of Florida

Monday, April 1st, 2013, from 12:00 PM – 1:00 PM
HPNP Building - Classroom 1101
Classroom is on the east side of the HPNP lobby and one floor up.

Learning Objectives: At the conclusion of this presentation, participants should be able to:
1. Discuss the evolving epidemiology of MOF into PICS.
2. Discuss severe sepsis in the Elderly.
3. Discuss potential intervention to prevent or reverse PICS in the Elderly.

Dr. Moore has disclosed that he has no relevant financial relationships. No one else in a position to control the content of this activity has any financial relationship(s) to disclose.
