"Aging successfully: The quest for residential normalcy"

Presented by:

Stephen M. Golant, PhD
Professor
Department of Geography
University of Florida

Monday, December 2\textsuperscript{nd}, 2013, Noon – 1:00 PM
CTRBI - Classroom 2161

Lunch Provided

Learning Objectives: At the conclusion of this presentation, participants should be able to:
1. Appraise older people's residential and care arrangements
2. Interpret the construct of "residential normalcy" as an indicator of congruent residential and care environments
3. Compare and contrast assimilation and accommodation coping strategies of older persons seeking residential normalcy

Dr. Golant has disclosed no relevant financial relationships. No one else in a position to control the content of this activity has any financial relationship(s) to disclose.
