“Cognitive reserve and vulnerability in midlife”

Presented by:

Andreana Haley, PhD
Assistant Professor
Dept. of Psychology
The University of Texas at Austin

Monday, November 4, 2013, Noon – 1:00 PM
CTRB - Classroom 2161
Lunch Provided

Learning Objectives: At the conclusion of this presentation, participants should be able to:

1. Recognize markers of early brain vulnerability and resilience
2. Apply a basic workup of modifiable risk factors for cognitive impairment into clinical practice
3. Select potential treatment targets to ameliorate brain vulnerability and prevent cognitive decline
