“Imaging Failed Muscle Regeneration”

Presented by:

Glenn Walter, PhD

Associate Professor
College of Medicine
Department of Physiology and Functional Genomics
University of Florida

Monday, May 19th, 2014, Noon – 1:00 PM
CTRB - Classroom 2161

Lunch Provided

Learning Objectives: At the conclusion of this presentation, participants should be able to:
1. Recognize the MRI and functional features of chronic muscle damage
2. Compare the use of qualitative and quantitative MR measures of muscle damage
3. Understand how MRI can be used to examine acute vs chronic muscle damage.
