“Antecedent Biomarkers of Preclinical Stages of Alzheimer's Disease - Unique Opportunity for New Discoveries”

Presented by
Sanjay Asthana, MD
Professor of Medicine
Head, Division of Geriatrics & Gerontology
Department of Medicine
University of Wisconsin School of Medicine and Public Health, Madison, WI

Monday, November 10, 2014
12:00 pm to 1:00 pm
Room 2161
Clinical Translational Research Building (CTRB)

Learning Objectives: At the conclusion of this presentation, participants should be able to
1. Analyze the epidemiology, pathobiology and neuropathology of Alzheimer's disease (AD)
2. Explain new advances related to preclinical stages of AD and potential new biomarkers of early stages of the disease
3. Translate new knowledge about emerging disease-modifying treatments and prevention strategies for AD

CME Information:
Accreditation:
The University of Florida College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit:
