“Interventions to reduce burden of caregivers of Veterans post-stroke”

Presented by

Constance Uphold, PhD, ARNP, FAAN
Geriatric Research Education Clinical Center
Associate Director of Implementation and Outcomes Research
Department of Veterans Affairs, NF/SG VHS, Gainesville, FL

Monday, January 12, 2015
12:00 pm to 1:00 pm
Room 2161
Clinical Translational Research Building (CTRB)

Lunch will be provided

Learning Objectives: At the conclusion of this presentation, participants should be able to

1. Identify assessment tools to measure family caregiver outcomes.
2. Employ key components to consider when developing interventions to improve outcomes of caregivers of adults post-stroke.
3. Examine methodological issues of conducting family caregiver research.
