“MRS of GABA: Studies of Inhibitory Function”

Presented by

Richard A. E. Edden, M.Sc., PhD
Associate Professor, Division of Neuroradiology
The Johns Hopkins University School of Medicine
Department of Radiology and Radiological Science
Baltimore, MD

Monday, March 23, 2015
12:00 pm to 1:00 pm
Room 2161
Clinical Translational Research Building (CTRB)

Lunch will be provided

Learning Objectives: At the conclusion of this presentation, participants should be able to

1. Illustrate measurement of various MRS-detectable metabolites.
2. Construct understanding of edited MRS methods (MEGA-PRESS).
3. Explain the role of GABA in healthy brain and neurodevelopmental disorders

CME Information:

Accreditation:
The University of Florida College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit:
