“Stem Cell Research in the Era of Personal Genomics”

Presented by

Dr. Naohiro Terada

Monday, December 14, 2015
12:00 pm to 1:00 pm
Room 2161
Clinical Translational Research Building (CTRB)

Lunch will be provided

Learning Objectives: At the conclusion of this presentation, participants should be able to:

1. Recognize we are in the era of personal genomics.
2. Discuss how iPSCx (induced pluripotent stem cells) are a powerful research tool.

Dr. Terada has disclosed no relevant financial relationships. No one else in a position to control content has any financial relationship(s) to disclose.

CME Information:

Accreditation:
The University of Florida College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit:
The University of Florida College of Medicine designates this live activity for a maximum of 1 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity. The VA designates 1.0 hour of Continuing Education credit provided for its employees. Series #6125
