Learning Objectives: At the conclusion of this presentation, participants should be able to:

1. Describe the structure and the tools, including new staffing models, and effectiveness of the IU Aging Brain Care model.
2. Discuss the challenges in shortening the time to translate a Brain Care discovery to a Brain Care Delivery.
3. Describe implementing a change in a complex adaptive human network.

Dr. Boustani has disclosed financial or material support as a member of Beacon Advisory Board for AstraZeneca. He also has shareholder equity in PPHM, LLC. No one else in a position to control the content of this activity has any financial relationships to disclose.
