"Hospital care of geriatric patients"

Presented by

Dr. Ruben Reider

Monday, May 23, 2016
12:00 pm to 1:00 pm
Room 2161
Clinical Translational Research Building (CTRB)

Lunch will be provided

Ruben Reider, M.D.
Physician
Private Practice in Internal Medicine and Geriatrics
Baltimore, Maryland

Learning Objectives: At the conclusion of this presentation, participants should be able to:
1. Analyze optimal methods for treating geriatric patients
2. Interpret the transition process of the geriatric patients through the different level of care after hospitalization: Long term facility, rehabilitation facility, home
3. Summarize how to prevent readmissions to the hospital

Dr. Reider has disclosed no relevant financial relationships. No one else in a position to control content has any financial relationship(s) to disclose.
